

Aquatic Plant Control Mechanical / Manual Permit Application

Form 3200-113 (R 10/16)

Notice: Pursuant to s. 23.24, Wis. Stats., the information requested on this form is required by the Department of Natural Resources (DNR) to permit aquatic plant control mechanical and/or manual application. Failure to complete and submit this form will result in no permit being issued. Personally identifiable information collected will be used for program administration and may be made available to requesters to the extent required under Wisconsin's Open Records law [ss. 19.31 - 19.39, Wis. Stats.].

For DNR Use Only	
Date Received 1/1/2020	ID Number NE-2020-43-5676M
Fee Received \$300	County Code 43
Exp. Date 12/31/2024	WBIC 462520

Section I: Applicant Data

Permit Applicant Name Chute Lake Protection and Rehabilitation District #1			Applicant is: <input type="checkbox"/> Private Individual <input type="checkbox"/> Contractor <input checked="" type="checkbox"/> Lake Organization (Specify) _____		
Applicant Mailing Address PO Box 184					
City Mountain	State WI	Zip 54149	Lake Property Address (if different)	City	State
Phone Number xxx-xxx-xxxx 920-841-9506	Email Address floyd@chutepond.org	Phone Number xxx-xxx-xxxx	Email Address		
Individuals and organizations (e.g. Lake District, Lake Association, Property Owners Association, County Department of Recreation), sponsoring removal.					
Name	Address	Phone	Email Address		
Chute Lake P & R District	PO Box 184	920-841-9506	floyd@chutepond.org		

Has a Lake Management plan been provided to the DNR? <input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> Don't Know	If Yes, date approved of most current copy 4/15/2020	Location of Applicant file copy Onterra
--	--	---

Does the proposed plant removal agree with the approved plan? Yes No
 If NO, explain, Attach additional sheets if necessary.

Is this area within or adjacent to a Sensitive Area designated by the Wisconsin Department of Natural Resources?
 Yes No Don't Know If yes, list sites:

Waterbody of proposed plant removal Chute Pond	Lake Surface Area (acres): 433	County Oconto	Section 25	Township 31 N	Range 16	<input checked="" type="radio"/> E <input type="radio"/> W
--	--	-------------------------	----------------------	-------------------------	--------------------	---

Name of Firm (if sub-contracted) Chute Lake P & R District does its own removal	Phone Number xxx-xxx-xxxx Extension: 920-841-9506
---	--

Street Address PO Box 184	City Mountain	State WI	Zip 54149
-------------------------------------	-------------------------	--------------------	---------------------

Name of 1st Plant Disposal Site (if applicable) Wisniewski Family, 12492 W Shore Dr Mountain WI 54149	1/4	1/4	Section 26	Township 31 N	Range 16	<input checked="" type="radio"/> E <input type="radio"/> W	County Oconto
---	-----	-----	----------------------	-------------------------	--------------------	---	-------------------------

Name of 2nd Plant Disposal Site (if applicable)	1/4	1/4	Section	Township	Range	<input type="radio"/> E <input type="radio"/> W	County
---	-----	-----	---------	----------	-------	--	--------

Length of project area **1,952** ft. x Shoreline or area width **1,952** ft. /43,560= **87.473** Estimated Acreage Avg. Depth **5** ft.

Offshore Control Site Length **0** ft. x Shoreline or area width **0** ft. /43,560= **0.000** Estimated Acreage Avg. Depth **0** ft.

TOTAL ESTIMATED ACREAGE **87.47**

Section II: Location of Aquatic Plant Removal (cont.)

What type of aquatic plants below the Ordinary High Water Mark are proposed to be removed? (check all that apply)

- Emergent (above water level) Submergent (below water level) Floating Leaf (at the surface i.e. lily pads)

Section III: Map & Property Ownership

In the attachment section, attach a copy of a lake map that includes the property(s) to be harvested. On the map identify the following required information.

- Area and dimensions of each proposed plant removal area.
- Location of all riparian neighbors (property owners riparian to and adjacent to the proposed removal area) including project participants and non-participants. Consecutively number each riparian neighbor (both project participants and non-participants). In the space below:
- Name all riparian owners, including project participants & non-participants. The number should correspond with the numbered properties on the map. Attach additional sheets if necessary.
- Check Yes box to indicate project participants and No box for non-participants.

Name of Riparian Neighbor	Project Participant	Control Dimensions (calculated acreage)
List of Chute Pond Riparians is attached	<input checked="" type="radio"/> Yes <input type="radio"/> No	87.47

Section IV: Methods

What mechanical or manual methods to remove plants are proposed? (check all that apply)

- Mechanical harvesting Raking Other (specify) _____
 Hand Pulling Cutting Alum

If alum is proposed, has a plan been developed? Yes No If yes, please include the plan with this application.

Please explain why you selected the proposed cutting method(s).

The lake is too large and invasive plants are too many for any other methods. Mechanical harvesting at this time is the best method other than chemical treatments.

Section VI: Reasons for Aquatic Plant Removal

Purpose of Aquatic Plant Removal:

- Maintain navigational channel for common use
 Maintain private boat access
 Maintain private access for fishing
 Improve Swimming
 Other _____

Nuisance Caused By:

- Emergent water plants
 Submergent water plants
 Floating water plants
 Other Floaters from submergent water plants _____

Name of plants, if known

Section VII: Integrated Pest Management (Alternatives Considered)

1. Chemical

A. Previously Done?
 Yes No

B. Presently Proposed?
 Yes No

2. Dredging

Yes No

Yes No

3. Drawdown

Yes No

Yes No

4. Nutrient controls in watershed

Yes No

Yes No

5. Nutrient controls on property

Yes No

Yes No

6. Other

Yes No

Yes No

Note: Consider feasibility of alternatives for **each** control site. This information not only helps the department make a decision on this application but also helps you evaluate your investment in aquatic plant management.

Describe the level of success for alternative methods previously used:

1. Chemical

Worked well south of the 2 islands cut in the northern part the current was too fast

2. Dredging

3. Drawdown

2008-8 weeks dam repair; Winter of 2015-2016 full lake

4. Nutrient controls in watershed

5. Nutrient controls on property

Healthy Lakes projects and Oconto County Cost Share Restoration projections

6. Other

Section VIII: Applicants Responsibilities

1. The applicant has prepared a detailed map, which shows the length, width and average depth of each area proposed for the control of rooted vegetation.
2. The applicant understands that the Department of Natural Resources may require supervision of any aquatic plant management project involving removal. Supervision may include inspection of the proposed treatment area and/or equipment, before, during, or after removal. The applicant is required to notify the regional office 4 working days in advance of each anticipated date of plant removal with the date, time, location and size of plant removal unless the Department waives this requirement. The advance notification may be specified in your permit.
3. The applicant agrees to inform all operators of harvesting equipment of the conditions and terms of this permit and to insure that all operators understand and abide by those terms and conditions.
4. The applicant agrees to comply with all terms and conditions of this permit, if used, as well as applicable Wisconsin Administrative Rules. The required fee is attached.
5. Conditions related to invasive species movement. The applicant and operator agree to the following methods required under s. NR 109.05(2), Wis. Adm. Code for controlling, transporting and disposing of aquatic plants and animals, and moving water:
 - Aquatic plants and animals shall be removed and water drained from all equipment as required by s. 30.07, Wis. Stats., and ss. NR 19.055 and 40.07, Wis. Adm. Code.
 - Operator shall comply with the most recent Department-approved 'Boat, Gear, and Equipment Decontamination and Disinfection Protocol' Manual Code # 9183.1, available at <http://dnr.wi.gov/topic/invasives/disinfection.html>

I hereby certify that the above information is true and correct and that copies of the application have been provided to the appropriate parties name in Section II and that the conditions of the permit will be adhered to. All portions of this permit, map and accompanying cover letter must be in possession of the applicant or their agent at time of plant removal. During plant removal activities, all provisions of applicable Wisconsin Administrative Rules must be complied with, as well as the specific conditions contained in the permit cover letter.

National Heritage Inventory Review

Section IX: Permit to Carry Out Mechanical or Manual Removal of Aquatic Plants

The foregoing application is approved. Permission is hereby granted to the applicant to mechanically or manually remove aquatic plants described in the application during the season. The approval of an aquatic plant management permit may not represent an endorsement of the permitted activity, but represents that the applicant has complied with Wisconsin Administrative Rules.

Date Signed

Date Mailed

If you believe that you have a right to challenge this decision, you should know that Wisconsin statutes and administrative rule establish time periods within which requests to review Department decisions must be filed.

For Judicial review of a decision pursuant to ss. 227.52 and 227.53, Wis. Stats., you have 30 days after the decision is mailed or otherwise served by the Department, to file your petition with the appropriate circuit court and serve the petition on the Department. Such a petition for review shall name the Department of Natural Resources as the respondent.

To request a contested case hearing pursuant to s. 227.42, Wis. Stats., you have 30 days after the decision is mailed, or otherwise served by the Department, to serve a petition for hearing on the Secretary of the Department of Natural Resources. The filing of a request for a contested case hearing is not a prerequisite for judicial review and does not extend the 30-day period for filing a petition for judicial review.

This notice is provided pursuant to s. 227.48(2), Wis. Stats.

Please note that payment is considered successful when your financial institution renders payment for this transaction. Failure of US Bank to collect and transfer funds from the permit applicant to the DNR, does not release the applicant of financial responsibility and the DNR reserves the right to collect unpaid fees.

All payments are collected by US Bank which is an external website contracted by the Wisconsin Department of Natural Resources for the sole purpose of collecting payments over the web.

Sign and Submit Permit

Applicant Responsibilities and Certification

1. The applicant has prepared a detailed map which shows the length, width and average depth of each area proposed for the control of rooted vegetation and the surface area in acres or square feet for each proposed algae treatment.
2. The applicant understands that the Department of Natural Resources may require supervision of any aquatic plant management project involving chemicals. Under s. NR 107.07, Wis. Adm. Code, supervision may include inspection of the proposed treatment area, chemicals and application equipment before, during or after treatment. The applicant is required to notify the regional office 4 working days in advance of each anticipated treatment with the date, time, location and size of treatment unless the Department waives this requirement. The advance notification may be specified in your permit.
3. The applicant agrees to comply with all terms or conditions of this permit, if issued, as well as all provisions of Chapter NR 107, Wis. Adm. Code. The required application fee is attached.
4. The applicant has provided a copy of the current application to any affected property owners' association, inland lake district and, in the case of chemical applications for rooted aquatic plants, to all owners of property riparian or adjacent to the treatment area. The applicant has also provided a copy of the current chemical fact

sheet for the chemicals proposed for use to any affected property owner's association or inland lake district.

5. Conditions related to invasive species movement. The applicant and operator agree to the following methods required under s. NR 109.05(2), Wis. Adm. Code for controlling, transporting and disposing of aquatic plants and animals, and moving water:

- Aquatic plants and animals shall be removed and water drained from all equipment as required by s. 30.07, Wis. Stats., and ss. NR 19.055 and 40.07, Wis. Adm. Code.
- Operator shall comply with the most recent Department-approved 'Boat, Gear, and Equipment Decontamination and Disinfection Protocol', Manual Code # 9183.1, available at <http://dnr.wi.gov/topic/invasives/disinfection.html>

I hereby certify that the above information is true and correct and that copies of the application have been provided to the appropriate parties name in Section II and that the conditions of the permit will be adhered to. All portions of this permit, map and accompanying cover letter must be in possession of the applicant or their agent at time of plant removal. During plant removal activities, all provisions of applicable Wisconsin Administrative Rules must be complied with, as well as the specific conditions contained in the permit cover letter.
